GAZI MD ANAS

Full-Stack Developer & Competitive Programmer

Dhaka, Bangladesh | gazianas2020@gmail.com | +880 1616925451
github.com/Anas-Gazi | linkedin.com/in/gazianas

PROFESSIONAL SUMMARY

B.Sc. in Computer Science & Engineering (2nd Year) student at Dhaka City College with hands-on experience building full-stack web applications using React, Next.js, FastAPI, PostgreSQL, and MySQL. Currently serving as a GeeksforGeeks Campus Mantri and actively practicing competitive programming on Codeforces and CodeChef to strengthen Data Structures and Algorithms skills.

CORE COMPETENCIES & SKILLS

Frontend Technologies: JavaScript, React.js, Next.js, HTML5, CSS3, Tailwind CSS

Backend & Database: Express.js, FastAPI, PostgreSQL, MySQL

Programming & DSA: C++, Python, Data Structures, Graph Algorithms, Dynamic Programming, Trees, Competitive Programming

Tools & Workflow: Git, GitHub, NextAuth, Responsive Design, Prisma, JWT, Cloudinary

PROJECTS

Combined BD — combinedbd.com

- Developed a full-stack web platform focused on delivering a clean, responsive user experience with modern front-end and back-end integration.

MAT Ventures — mat-ventures.vercel.app

- Built a digital agency platform using Next.js, TypeScript, PostgreSQL, and Prisma with multilingual (i18n) support.

Kacchi Bhai Clone — kacchi-bhai-neon.vercel.app

- Recreated a restaurant ordering website front-end, focusing on pixel-accurate UI implementation and responsive layouts.

WORK EXPERIENCE & ACTIVITIES

Full-Stack Developer — Independent Projects 2025 — Present

Personal Portfolio & Client Projects · Remote

- Built Perfume Shop, a full-stack e-commerce platform using Next.js, Express.js, MySQL, JWT Authentication, and Cloudinary.
- Developed MAT Ventures digital agency platform with Next.js, TypeScript, PostgreSQL, Prisma, and multilingual support.
- Built Nulern learning platform using FastAPI, React, and PostgreSQL.
- Designed and developed Fit Elegant Gym & Café landing page using React, Tailwind CSS, and Framer Motion.
- Built and launched DevFolio, a marketplace for premium developer portfolio templates.

GeeksforGeeks Campus Mantri 2026 — Present

GeeksforGeeks · Dhaka, Bangladesh

- Re-selected as Campus Mantri to promote technical learning and programming culture on campus.
- Organized programming sessions and engaged 100+ students through community initiatives.
- Promoted GeeksforGeeks learning programs and technical resources among students.

Phitron Campus Ambassador 2025 — 2026

Phitron · Dhaka, Bangladesh

- Represented Phitron on campus by promoting programming education and community engagement.
- Supported student outreach and organized learning initiatives for aspiring developers.

Student Volunteer March 2025

Dhaka City College

- Volunteered at the Freshers' Reception 2025, helping organize the event and provide technical support.
- Strengthened teamwork, communication, and event coordination skills.

Competitive Programmer 2024 — Present

Codeforces (gazianas2020) · CodeChef · GeeksforGeeks

- Solved 90+ algorithmic problems across multiple platforms with a focus on graphs, trees, combinatorics, and dynamic programming.
- Regularly participate in contests to improve problem-solving speed and algorithmic thinking.

EDUCATION

B.Sc. in Computer Science & Engineering 2024 — 2028

Dhaka City College · Dhaka, Bangladesh
